

Summer Critique

Critique #2 July 26, 6PM @ 214 E21st St. SVA Photography Building

Yancey Richardson -- Yancey Richardson Gallery

Charles Traub -- Chair, School of Visual Arts MFA Photography, Video and Related Media Dept.

For those interested in showing their summer work and having it critiqued, there will be a series of three meetings at the school throughout the summer for photo majors entering their senior year. The summer months in between school are an optimal time to further the seminar portfolio and prepare for the critical thesis year. This critique is an ideal opportunity to receive new insight into your images and other media from students and professionals whom you haven't heard from before. Underclassmen and faculty are welcome to sit in and participate.

Refreshments Provided

Space is limited and filling up quickly.
